

Welcome to your Insights!

Below you will find insights and trends related to your behavior and reported emotions over the course of the study. Please review with your clinician in your next session.

The number at the top of each bar is the average score of an emotion you felt over the last two weeks, ranging from 0 (no emotion) to 3 (greatest amount)!

The taller the bar is, the more you felt that emotion over the last two weeks!

Psst: scroll down to see how your actions corresponded with your feelings!

Over the last few weeks...

Happiness

When you used music apps (this may include apps like Spotify and Youtube Music) for less than 18 minutes in a day, you were more happy.

These are the top two actions associated with more happiness:
